SEVERE BLOW DEALT STATE, SHEPHERD CASE

MOST IMPORTANT WITNESS CANNOT BE LOCATED

ROBERT WHITE, MAINSTAY OF THE STATE, HAS DISAPPEARED

SQUADS OF DETECTIVES OUT TO HUNT FOR MISSING MAN

(By United Press)
Chicago, May 19.—Attempts to convict William D. Shepherd of murdering Billy McClintock were dealt a severe blow today by the disappearance of one of the state's most important witnesses. Just as court opened today and the tedious selection of jurors was resumed, Assistant State's Attorney George Gorman announced that Robert White, one of his mainstay witnesses could not be found. His whereabouts were unknown at his place of business and investigation disclosed that he had moved his family from their south side residence.

Squads of detectives were ordered out to hunt for the missing witness, Gorman said.

White who was once an employee at the National University of Sciences, the medical school where Shepherd is said to have obtained the typhoid germs with which to inoculate young McClintock, is one of the few persons who is able to identify Shepherd as a caller at the institution.

While other witnesses are able to testify they saw Shepherd and C. C. Faiman together, White is the only person able to say that he actually saw Shepherd in the school.

CHIEF GAME WARDEN GOES

OFFICE ABOLISHED, AND D. A. PETERSON GIVEN ANOTHER POST

St. Paul, May 19.—With the transfer of D. A. Peterson, chief game warden, to Walker Friday, the office of chief game warden in the Game & Fish department is abolished by Commissioner J. F. Gould.

Peterson is taking over the Cass county territory formerly handled by other wardens who were relieved of duty several months ago because department funds were inadequate to keep the entire force on the job.

Abolishment of the office of chief game warden is in line with the commissioner's purpose to curtail department expenses. Hereafter, the work formerly handled by the chief warden will be supervised directly by the commissioner or his assistant.

TRAIN SERVICE CUT IS ASKED

DISCONTINUANCE OF G. N. LINE TO HUTCHINSON FROM ST. PAUL IS SOUGHT

St. Paul, May 19.—A hearing was held before the state railroad and warehouse commission on an application of the Great Northern railroad to discontinue part of the train service from St. Paul to Hutchinson.

The train now leaves St. Paul at 4:10 p. m. daily, runs through Minneapolis to Hutchinson and returns to St. Paul at 10 a. m.

The railroad wishes to run the train only from Minneapolis to Hutchinson, leaving St. Paul off the route. Officials testified today that there is a loss of \$7,000 a year in operating revenue on the section between St. Paul and Minneapolis, that at times not more than three passengers a day are carried, and during the period from March 5 to 17 there were only 23 passengers before the train reached Minneapolis.

The greater St. Paul committee met at the Minnesota club this noon to discuss the subject of the train discontinuance. The meeting was called by William Hamm, vice chairman.

Man Charged With Kidnaping 11 Year Old Girl

BASS LAKE HAS EVAPORATED, ONLY HUGE DITCH LEFT

(By United Press)
Ely, Minn., May 19.—Bass Lake, one of Minnesota's famous 10,000, has left for parts unknown. All that is left of the lake today is a huge ditch, according to Adolph Bollinsek who with a crew of men has been cutting portages between the several lakes in the vicinity. Bass lake, which formerly measured two miles long and one mile wide, apparently has escaped through an old slough's bed cut years ago into lower lakes. The water has been gradually disappearing since Thursday.

30 SEPARATE FOREST FIRES IN IRON AREA

STATE FOREST DEPARTMENT MAKES ANNOUNCEMENT

HEAVY FIRES RAGING BETWEEN HIBBING AND FLOODWOOD

(By United Press)
St. Paul, May 19.—Thirty separate forest fires have broken out anew in the iron range country, it was announced today by the state forest department here.

The fires are burning between Hibbing and Floodwood, a distance of about 40 miles, and hundreds of men have been pressed into service to combat them.

Grover M. Conzet, state forester, will leave for the fire zone this afternoon to superintend the fire fighting force. He said no rain had fallen in this district and high winds would make the situation dangerous. The fires northeast of Duluth and north of Hibbing and Virginia are reported well under control, he said.

FEDERAL DRY AGENT IS HELD

(By United Press)
MANS LAUGHTER CHARGE PLACED AGAINST IKE McCOUN AND \$20,000 BONDS ORDERED

(By United Press)
Sioux Falls, S. D., May 19.—Ike McCoun, federal prohibition agent, who shot and killed Francis Fountain, 22, late Friday, was yesterday admitted to \$20,000 bonds to await grand jury action on manslaughter charges preferred against him. McCoun pleaded not guilty at the arraignment.

Boy Criminals Come From Homes Where the Mother Works, Says Kansas Judge

(By United Press)
Kansas City, Kan., May 19.—Nineteen out of every twenty boys who "go wrong" come from families in which the mothers are forced to work, according to Henry Meade, judge of juvenile court, Kansas City, Kan. Invariably, it is found that where there is a mother to stay at home and care for her children, little or no trouble is caused by the boys and rarely do they come to the attention of the juvenile authorities, Judge Meade observed.

It is the type of boy who is without maternal guidance that presents a difficult problem. Usually he has already found that parental discipline can be evaded and has become inured to punishment, the judge said. It is every boy's right to have a mother's sympathy and a mother's concern.

"In some cases it is an absolute necessity that both a father and mother work in order to provide for a large family. In other cases, it is merely a desire for added wealth that makes

LOPEZ-FRAZIER COUNSEL SHOWS MUCH OPTIMISM

BELIEVE THEIR CLIENT WILL PROVE HE IS FORMER WORLD WAR VETERAN

AND THEREFORE ENTITLED TO HIS VETERAN'S COMPENSATION

(By United Press)
Minneapolis, May 19.—Counsel for Arthur Lopez-Frazier in his fight against the United States government to prove that he is a former world war veteran and, therefore, entitled to veteran's compensation, were optimistic as court opened this morning.

The plaintiff late yesterday afternoon scored an important point in their favor when Judge Joseph Molyneux ruled that the plaintiff's alleged confession could not be read into the record by the government at this time.

This ruling was made following a close questioning of Frazier by Lafayette French, Jr., United States district attorney, regarding Frazier's alleged confession in which he is said to have stated he was Arthur Lopez, a Mexican.

At this morning's session, Rev. and Mrs. Charles Frazier, father and mother of the Indian world war veteran, whom the government claims was killed in France, will take the stand and are expected to identify Frazier as their son. Other witnesses in his behalf will be two sisters and three brothers.

FRAZIER WEAKENING, MAY COLLAPSE SOON

Minneapolis, May 19.—Arthur Lopez-Frazier's compensation fight in federal court against the government developed today into a race between death and either identification or defeat.

Fighting continually against overwhelming coughing attacks which racked his entire frame, the small Indian sought to stave off unconsciousness time and again today while Mrs. Charles Frazier, who claims the boy is her son, sat a few feet from him weeping softly.

Apparently much weaker than at any previous time during the trial, Frazier was near collapse several times.

Faces Contempt Charge For Violating U. S. Writ

St. Paul, May 19.—Charges of contempt of court may be filed against James McMonigal, proprietor of an alleged liquor-selling establishment at 223 W. 7th st.

Federal agents found that liquor was being sold in a room at the rear of that address, it was charged today.

McMonigal was arrested a year ago and charged with selling liquor in a soft drink bar at 223 W. 7th st. The bar was closed by an injunction.

a mother forsake home responsibility for business.

"Perhaps, parents believe added money may bring added advantages for their children; but nothing can compensate for the loss of their boys," Judge Meade said.

Judge Meade favored prohibiting mothers from working. If her earning capacity is a necessity, the judge would have the state provide it and "thus allow her to stay home and make a home for her children."

The judge admitted his proposal is difficult, and adds:

"Only when we have found a way to keep the boy at home, in congenial surroundings, will we be sure of the type of boy which will be turned out from the average American home."

"Until then, we will have to struggle along under present conditions, and the juvenile courts will have its hardened boy criminals—not really bad, but unmanageable."

RECOMMEND 200 GOVERNMENT SHIPS GO ON SCRAP PILE

(By United Press)
Washington, May 19.—The shipping board sub-committee today tentatively decided to recommend to the full committee that 200 of the 869 government vessels be offered for sale for scrapping. This partly clears the way for Henry Ford to buy some of the ships.

COUNTRY BANK IN NORTH DAKOTA ROBBED BY YEGGS

CUT TELEPHONE WIRES AND GOT AWAY WITH \$26,000 IN CASH

HOURLY ELAPSED BEFORE CITIZENS COULD SPREAD THE ALARM

(By United Press)
Valley City, N. D., May 19.—After cutting telephone wires, robbers broke the safe in the State Bank at Nome, 26 miles southeast of here, about 3:30 this morning, escaping with \$26,000 in cash, according to deputy sheriffs who went to the scene later.

It was fully an hour after the robbery before citizens were able to repair communication wires and spread the alarm.

A young man in a store across the street from the bank saw the bandits and, suspecting their motive, fired, but apparently missed his aim. The robbers returned his shot, but he was not hit.

An acetylene torch was used to gain entrance through the safe to the strong boxes. Some furniture and a number of boxes were damaged by the explosion.

Citizens declared there were four or five men in the gang. This is the first bank robbery in the state this year.

TO BRING BACK ERRING CASHIER

CASHIER WALINSKI OF MINNEAPOLIS LOCATED IN NEW ORLEANS

(By United Press)
Minneapolis, May 19.—Detectives were to leave today or Wednesday for New Orleans to bring back Edward Walinski, cashier of the Midland National Bank here, wanted for embezzlement.

It is charged Walinski manipulated his accounts so as to have embezzled \$4,000 of the bank's funds. He was able to escape detection, it is said, while he was at the bank, but when he went on a vacation, his defalcations were discovered.

Walinski left here May 7. The shortage was discovered a few days later and after making a confession, Walinski disappeared, according to statements issued by the bank today. The cashier gave himself up to New Orleans police Monday night.

SCORE ANOTHER POINT IN PARLEY

(By United Press)
Geneva, May 19.—The American delegation scored another point in the League of Nations arms traffic conference today when the general commission by 20 votes to 8 voted for the maintenance of complete liberty of transit for vessels even if the ships are suspected of carrying arms illegally.

Former Senator Theodore Burton of Ohio made a speech opposing indiscriminate search of ships.

DAVIS CASE MAY SOON GO TO THE JURY

FORMER KANSAS GOVERNOR IS CHARGED WITH BRIBERY

UNDERGOES SEVERE CROSS EXAMINATION BY THE STATE

(By United Press)
Topeka, Kansas, May 19.—Indications today were that the case of Jonathan M. Davis, former Kansas governor, on trial charged with accepting a bribe, will probably go to the jury late tomorrow. Davis underwent a severe cross examination by state attorneys.

Testimony was brought out that the former governor at one time testified to the good character of Fred Pollman, then on trial for perjury. Pollman was one of the men alleged to have received a pardon for which he paid. Davis' testimony since he took the stand late Saturday has been a denial of the testimony of his accuser.

DAVIS SAID HE WOULD NOT FREE GRUNDY

Topeka, May 19.—Jonathan M. Davis, former governor of Kansas, gave assurances that under no circumstances would he free Walter Grundy, convict, for whose parole A. L. Oswald alleged he negotiated with Davis and Carl Peterson, former bank commissioner, for \$2,500.

The defense brought out this important testimony today in Davis' trial on a charge of conspiring to solicit a bribe for paroling Grundy. The former governor concluded his testimony this morning after nearly two days on the witness stand during which time he was subject to a grilling cross examination.

Emerson Carr, state senator of Hutchinson, Kansas, testified that Davis assured him no parole would be issued to Grundy, who was sentenced to prison for his part in wrecking a bank in which he was an officer.

Efforts of the state to bring in evidence of alleged irregularities in connection with other paroles and pardons granted by Davis during the last few days of his term in office were unsuccessful.

The court sustained objections of the defense to efforts designed to bring out details of other pardons.

WINDSOR MAKES READY FOR BIG "BEER RUSH"

Detroit, May 19.—Delivery of the new 4.4 per cent double strength beer recently authorized by an amendment to the Ontario prohibition laws, to hotels and other places where the beer may be sold by border city breweries, is expected to start Monday in preparation for the expected rush of thirsty Americans into Canada Thursday.

Elaborate preparations have been made by both breweries and hotels, restaurants, cabarets, grocery stores and other places, where the expected thousands of Americans are to gather to quench their thirst when the new law goes into effect May 21.

Workmen have been employed night and day for more than a week, making ready for the marketing of the new beer. It is estimated several thousand gallons will be ready for distribution Monday.

MERCHANTS BANK, ST. PAUL, HAD \$1,000 FIRE LATE YESTERDAY

(By United Press)
St. Paul, May 19.—Fire starting in the storage room of the Merchants Bank building caused damage estimated at \$1,000 late yesterday. Firemen were forced to attach the hose to the building standpipe on the 15th floor to combat the flames.

SUBWAY TRAIN ON FIRE; 28 N. Y. PEOPLE INJURED

(By United Press)
New York, May 19.—Twenty-eight persons, including 18 women, were painfully injured and many others were less seriously hurt or overcome by smoke here today when a subway train carrying hundreds to work caught fire just south of the Grand Central terminal. Two of the victims are reported dying in hospitals as results of injuries when they were knocked down and trampled upon by the frantic passengers who smashed doors and windows in their efforts to escape. Most of the injuries were in the form of fractured arms and legs, lacerations and abrasions about the face and body and internal injuries.

TWO MEN AND WOMAN TAKEN AS THEY ROBBED

REDFIELD, S. D., POLICEMAN, WHEN FELLED, RECOVERS HIS GUN

SHOOTS BAEHR IN SHOULDER AND ALSO CAPTURES COMPANION

(By United Press)
Redfield, S. D., May 19.—Two men and a woman who are said to be from St. Paul were captured here last night by Patrolman Edward Morgan after he had surprised them in the act of robbing the Kuehn garage here.

Leaping to his feet after being felled by Gordon Baehr, Morgan shot Baehr through the shoulder and turned his pistol on W. S. Matthews, capturing him also.

Miss Leta Dartz, said to be Baehr's sweetheart, and Thomas Tarron were sitting in an automobile nearby and made their escape in the car.

REMAINS AT MINNEAPOLIS ARE IDENTIFIED AS THOSE OF JOHN STARVO

(By United Press)
Minneapolis, May 19.—The body of a man taken from the Mississippi River Sunday was yesterday identified as John Starvo, Jamestown, N. D. He was released from the Jamestown insane hospital May 5th and employed as a laborer by the Northern Pacific railroad. He was a native of Greece.

CANNOT CONTROL WARS BY FORCE

(By United Press)
Ann Arbor, Mich., May 19.—The League of Nations and the world court as they are now being based on the principle that now may be controlled by force will accomplish nothing but the perpetuation of strife and bloodshed. This announcement was made by Senator Borah of Idaho, chairman of the foreign relations committee of the senate, in a discussion on "peace and the peace problem" late Monday before the University of Michigan student body.

2 BANK OFFICIALS ADMITTED TO BAIL

Wabasha, Minn., May 19.—George Sylvester, cashier of the closed Plainview State Bank and Adolph Stoltz were admitted to \$5,000 bonds after pleading not guilty to charges of falsifying bank records when arraigned in court yesterday. They were bound over to await grand jury action during the next term of the District Court by Judge Charles Callagan.

STATE TAKES LESS THAN TWO HOURS IN CASE

ONLY 3 WITNESSES CALLED TO TESTIFY AGAINST EARL WOODWARD

LATTER ONLY RECENTLY HAD BEEN HUNTED BY POSSE OF 200 FARMERS

(By United Press)
Middlebury, Vt., May 19.—The state took less than two hours today to present its case against Earl Woodward accused of kidnaping 11-year-old Lucille Chatterton.

Only three witnesses were called to testify against the man who a short time ago was hunted by a posse of 200 Vermont farmers under instructions to "shoot him on sight." Lucille, her father and mother were the witnesses. Each told a similar perfunctory story of the kidnaping. Sympathy in the court room apparently was overwhelmingly in Woodward's favor. When the state rested its case, the adjournment was taken until tomorrow.

2 ROBBERS HOLD UP HUGO BANK

PUSH 3 MEN INTO VAULT, ESCAPE WITH \$1,200 CASH

(By United Press)
Hugo, Minn., May 19.—Two middle aged robbers this forenoon held up the First State Bank here and escaped with \$1,200 in cash. The bandits wore handkerchiefs over their faces and one was tall and the other middle sized.

In the bank at the time were E. J. Metorncoy, assistant cashier, T. J. Hanke, cashier, and C. H. Markson, St. Paul, state highway engineer.

As the men entered the bank they ordered the officers to "stick 'em up." They then pushed the three men into the vault and slammed the door shut, scooping up the loose money in the cashier's cage. The bandits ran to the street, boarding a touring car and drove in the direction of St. Paul.

There was a large sum of money in the vault, but the robbers evidently overlooked this in their haste to make a getaway.

(By United Press)
New York, May 19.—Twenty-eight persons, including 18 women, were painfully injured and many others were less seriously hurt or overcome by smoke here today when a subway train carrying hundreds to work caught fire just south of the Grand Central terminal. Two of the victims are reported dying in hospitals as results of injuries when they were knocked down and trampled upon by the frantic passengers who smashed doors and windows in their efforts to escape. Most of the injuries were in the form of fractured arms and legs, lacerations and abrasions about the face and body and internal injuries.

COMPANION

(By United Press)
Redfield, S. D., May 19.—Two men and a woman who are said to be from St. Paul were captured here last night by Patrolman Edward Morgan after he had surprised them in the act of robbing the Kuehn garage here.

Leaping to his feet after being felled by Gordon Baehr, Morgan shot Baehr through the shoulder and turned his pistol on W. S. Matthews, capturing him also.

Miss Leta Dartz, said to be Baehr's sweetheart, and Thomas Tarron were sitting in an automobile nearby and made their escape in the car.

Minneapolis, May 19.—The body of a man taken from the Mississippi River Sunday was yesterday identified as John Starvo, Jamestown, N. D. He was released from the James-town insane hospital May 5th and employed as a laborer by the Northern Pacific railroad. He was a native of Greece.

CANNOT CONTROL
WARS BY FORCE

(By United Press)
Ann Arbor, Mich., May 19.—The League of Nations and the world court as they are now being based on the principle that wars may be controlled by force will accomplish nothing but the perpetuation of strife and bloodshed. This announcement was made by Senator Borah of Idaho, chairman of the foreign relations committee of the senate, in a discussion on "peace and the peace problem" late Monday before the University of Michigan student body.

2 BANK OFFICIALS
ADMITTED TO BAIL

Wabasha, Minn., May 19.—George Sylvester, cashier of the closed Plainview State Bank and Adolph Stoltz were admitted to \$5,000 bonds after pleading not guilty to charges of falsifying bank records when arraigned in court yesterday. They were bound over to await grand jury action during the next term of the District Court by Judge Charles Callagan.

STATE TAKES LESS THAN TWO HOURS IN CASE

ONLY 3 WITNESSES CALLED TO
TESTIFY AGAINST EARL
WOODWARD

LATTER ONLY RECENTLY HAD
BEEN HUNTED BY POSSE OF
200 FARMERS

(By United Press)
Middlebury, Vt., May 19.—The state took less than two hours today to present its case against Earl Woodward accused of kidnaping 11-year-old Lucille Chatterton.

Only three witnesses were called to testify against the man who a short time ago was hunted by a posse of 200 Vermont farmers under instructions to "shoot him on sight."

Lucille, her father and mother were the witnesses. Each told a similar perfunctory story of the kidnaping. Sympathy in the court room apparently was overwhelmingly in Woodward's favor. When the state rested its case, the adjournment was taken until tomorrow.

2 ROBBERS HOLD UP HUGO BANK

PUSH 3 MEN INTO VAULT, ES-
CAPE WITH \$1,200
CASH

(By United Press)
Hugo, Minn., May 19.—Two middle aged robbers this forenoon held up the First State Bank here and escaped with \$1,200 in cash. The bandits wore handkerchiefs over their faces and one was tall and the other middle sized.

In the bank at the time were E. J. Metorncoy, assistant cashier, T. J. Hanke, cashier, and C. H. Markson, St. Paul, state highway engineer.

As the men entered the bank they ordered the officers to "stick 'em up." They then pushed the three men into the vault and slammed the door shut, scooping up the loose money in the cashier's cage. The bandits ran to the street, boarding a touring car and drove in the direction of St. Paul.

There was a large sum of money in the vault, but the robbers evidently overlooked this in their haste to make a getaway.

HOME TALENT SHOW
Musical Extravaganza Staged Under Auspices of Brainerd Lions Club

Good reserved seats are still obtainable for both tonight's and Wednesday night's performances of the "Lions Minstrel Mimics," the local talent musical extravaganza staged under the auspices of the Brainerd Lions club at the New Park theatre.

Those who hold the yellow tickets are urged to exchange them at once for reserved seats at either tonight's or Wednesday night's shows. Those who have not as yet purchased their tickets can obtain them either from members of the Lions club, members of the cast, or directly at the New Park theatre's box office where the seat reservations are made. There are a limited number of 50 cent seats on sale, for those who do not wish the higher priced ones.

The cast includes 75 local people, all of whom have been working very hard during the past two weeks, to make their presentation of the Minstrel Mimics as nearly perfect as possible. At the kiddies matinee this afternoon, every line, every dance and every song went off without a hitch, and the children who crowded the theatre were loud in voicing their applause. This matinee, which "went over" so well, gave the cast added confidence for the presentation of their evening performances, and the public is assured one of the finest home talent shows of its kind ever given in Brainerd.

Perfect Attendance Has Been Recorded at Five Meetings in a Row, a Mark for Others to View

ON TO ST. CLOUD ON MAY 27TH

Charter to be Presented on That Date
Minneapolis, St. Paul, Brainerd
Clubs to be Present

Brainerd Rotary is achieving a most enviable reputation as a 100 per cent attendance club. The last five meetings have seen no absentees. Any one missing at Brainerd has taken the special to Staples and made up there and thus kept Brainerd Rotary at the head of the list.

Past President W. H. Gemmell received a congratulatory letter from District President Flynn, the latter writing, "I have hardly recovered from one of the most pleasant surprises I have received in years. A 100 per cent average for April is wonderful and your triumph will be heralded throughout the district. Come on again."

A. G. Trommald, chairman of the Rural Acquaintance committee, started off promptly and with his committee men visited the Nokay Lake farmers club meeting.

Walter F. Wieland is officiating splendidly as chairman of the fellowship committee. When he introduces Rotarians and visitors he gets the names correctly, their classifications and other matter of interest. An introduction by him puts the visitor at ease. Last session had present Rotarians Wm. Carlisle of Crookston, Christ Strader of Crookston, Edward Zelle of Minneapolis and Sam Burgess of Bismarck, N. D.

Two new committees appointed by President John F. Woodhead are: Birthday—Levi Johnson, chairman, W. C. Cobb and John Anderson.

On to St. Cloud—E. O. Webb, chairman, Levi Johnson, John P. Anderson, W. C. Cobb and Lloyd Carlisle.

The Rotary charter presentation at St. Cloud will be made an elaborate affair on Wednesday evening, May 27. Minneapolis and St. Paul will be largely represented. Staples, protege of Brainerd, will send many of its members. St. Cloud Rotarians anticipate an attendance of 500. Brainerd Rotary was largely instrumental in forming St. Cloud Rotary.

Violets—Great and Small

The violet family is undergoing rapid development into a garden plant in addition to the familiar and favorite pansy. We now have three strains of violas in addition to the pansy clamoring for popular favor and all beautiful plants, the tufted or Scotch pansies, the horned pansies or viola cornuta hybrids and the smaller tufted gracilis violas which are just being offered by American seedsmen. The last named are favorites for rock gardens while the two preceding are fine for flower beds and edgings.

The tufted pansies differ from the standard pansy chiefly in the habit of growth. The flowers now are nearly as large and come in much the same range of colors. They have longer stems and are better for cutting, stand hot weather better and are more truly perennial. The pansy at best is not good for much more than two years.

After its first burst of bloom grown as an annual in the same manner as a pansy the violas or Scotch pansies send up new tufts of stems from

the roots. The old blooming stems which have sprang out should be trimmed off and the new growth gives a new burst of bloom in the cool months of fall. When the new growth has been well started, by sprinkling a handful of fine soil over the center of the plant, covering portions of the stems, new roots are struck and the individual plant will in the course of two seasons make a solid mat almost a foot across, studded with scores of bloom. It can then be divided into a number of new plants.

These tufted pansies do not come true from seed and by this means a stock of any favorite color can be secured easily to make edgings or solid patches of color for early summer and the cool days of fall.

The viola cornuta type of pansies do not have as large flowers as the tufted pansies and the color range is smaller. The viola gracilis hybrids are more nearly of the violet type, smaller flowered and smaller in growth. All are well worth a place in the garden.

"LIFE'S GREATEST GAME" AT LYCEUM

Given Thursday and Friday This Week, Auspices of Brainerd Athletic Park Committee

Shows Innate Honesty, Clean Sportsmanship in National Pastime of Baseball

"Life's Greatest Game" the big baseball picture coming to the Lyceum theatre on Thursday and Friday under the auspices of the Brainerd Athletic park committee, and as a benefit for the new park, is one that every baseball fan will keenly enjoy.

This picture points out a splendid moral to adorn a fine, heart-filling tale, and shows in clear and concise fashion the rock-ribbed stability and innate honesty, the clean sportsmanship and wholesome competition which has made baseball the national pastime.

Producer Johnson proves beyond the question of a doubt that baseball is "a white man's game," and that it is above reproach. Even more powerfully than the crashing drama of situation and development

of character, this lesson stands out clear and clean-lined, like a white lighthouse against the background of a dark headland.

The characters in "Life's Greatest Game" are so moulded by Emilio Johnson, mother of the young producer-director, that they all work toward a given end; and that end is the uplifting, almost defying of America's finest and most popular sport.

From the delightful sand-lot contest between a motly array of small town youngsters, through the enthralling big league contest of more than twenty years ago depicting the old New York Giants and Chicago Cubs, through the college ball game and into the spine-tickling atmosphere of a tense modern world's series played before sixty thousand raving fans, the story of "Life's Greatest Game" takes its way.

Never was such a tribute to sport as this! Never was story, direction and setting so ably melted into a great lesson, the lesson of the integrity of that pastime which has thrilled American youth and manhood for more than forty years, and which will continue to thrill them for scores of years to come.

Baseball owes a debt of gratitude to Emilio Johnson for the manner in which he has depicted its high ideals, its cleanness and glory, which it will be difficult to over-estimate.

TUESDAY, MAY 19, 1925

86 YEARS YOUNG

WE attended the birthday party the other evening of Mrs. Louise Dechaine, a pioneer settler near St. Mathias. Mrs. Dechaine is a spry and happy as a girl of 16. She threads her needle without using her glasses, reads the Brainerd Dispatch and her French papers with ease and disdains the use of her spectacles.

The birthday cake at the party was illuminated with 86 candles. It was a large cake, built several stories high and all frosted in terraces and many children and older people consumed it with their eyes until Grandma relented and cut up the cake herself and partitioned it among the huge assembly. And that was one occasion when she used the glasses, for the pieces of cake had to be cut with mathematical precision so that no one would be missed. The candles, little pink wax ones, were lighted and being in such close proximity, nearly wound up in a general conflagration, and to save their sugar base, were gradually extinguished.

Presents galore were showered on her. Then as a concluding number of an extensive program, Grandma "chantered" a little "chanson" as her part of the festivities.

During her half-century residence she has seen many changes in Minnesota. The farmstead has been improved until it is one of the best farms in Crow Wing county. The old trail to Brainerd, where settlers first toted their supplies, has been succeeded by splendid highways. Where mail was received at intervals, when the men folks went to town, there is now a rural route. Where neighbors were few and communication irregular, there is now the telephone line with its many patrons and its friendly interchange of news and neighborliness. Where the children first had miles to walk to go to school, her grandchildren now attend high school in Brainerd.

Last year Grandma was deeply interested in the cucumber campaign inaugurated in Brainerd and her little patch yielded large returns as one of her sons took the product of the patch to Brainerd. Last year there was a fair crop, and this year it will be greatly enlarged, thus producing more pin money for Grandma.

Like the heroine in the film play, she has found the secret of happiness. She looks forward to many things. She plans in a quiet way as her busy needles fly with her knitting. And she hopes to have many more birthdays.

ASSESSOR SHOWS CONSIDERATION

DOWN at Wabeno, Wis., the community was aroused by a "cleanup and paint up" campaign, until some one remembered it was the year for the assessor to assess the real estate. As every one knows, a bright, clean, well kept property, buildings in good repair and premises glowing with a lawn and flowers, and paint liberally used where it is needful, well such a property seems to be a shining mark for a good real estate tax. Nearby may be a neighbors, also on a corner, with a tumble down shack of a house, chimney half down, windows stuffed with burlap, and the assessor may not consider the property worth half as much.

Now comes the fine point. Shall the intelligent, diligent house owner who keeps a clean, well painted sanitary home be penalized in higher taxes while the other property owner, shiftless and careless, lets his premises run down, and gets a lower tax rate?

Assessor C. F. Rietz of Wabeno took a common sense view of the matter and said, "Paint and the scrub brush will not increase the taxable valuation of the buildings of this town." That settled the question as to whether a liberal use of paint would cause an increase in the tax valuation.

As reported by the Associated Press, the assessor made this announcement to the taxpayers:

"I, the assessor of the town of Wabeno, desire to cooperate in every way possible with the town chairman and the community men's club in making the home beautifying contest here an unqualified success. To that end, I pledge that there will be no increase in assessment because of the increase in valuation in the use of the scrub brush and the paint brush."

AN INSIDIOUS EFFECT OF GOLF

THERE are authorities now claiming that excessive playing of golf will serve to undermine the moralities. Obsessed with the game, wrapped up in the scores, even dreaming of making par on some section of the course, it is claimed the golf bug is insidiously warping into a man's truth telling faculties. It is producing an exaltation of the ego, a resiliency of reasoning and perception which inverts, for instance, a "nine" and makes it appear like a "six," and other vagaries.

Here is a story recently published in the Bemidji Daily Pioneer and refers to an old and esteemed citizen, whom friends knew in Bemidji before he fell a willing victim to the alleged destructive golf mania:

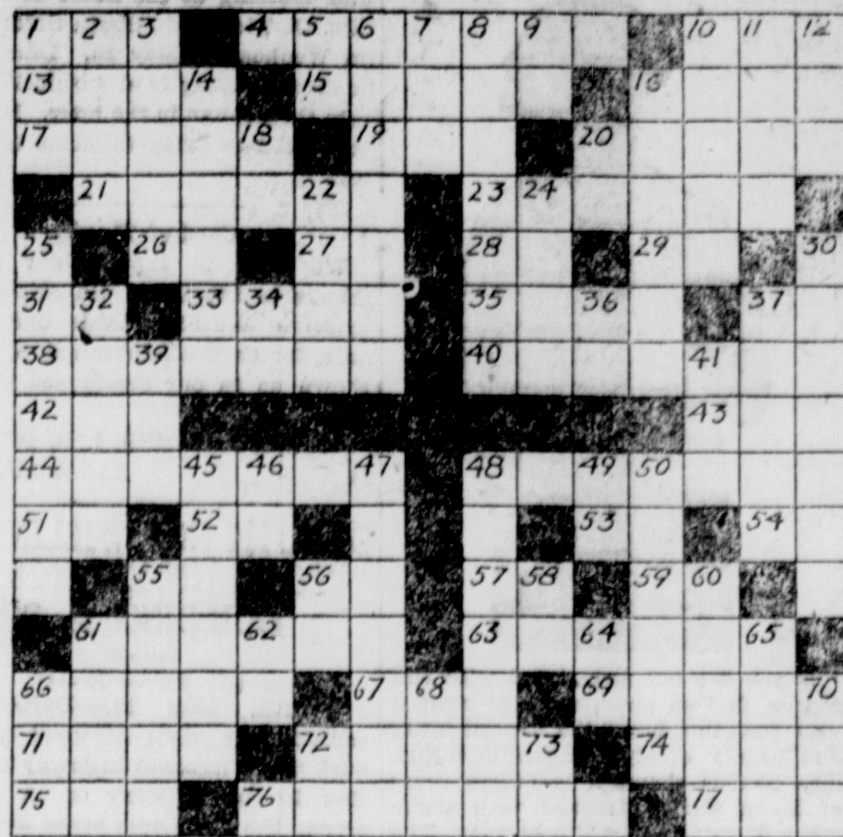

John M. Richards, former Bemidji citizen and well known among the earlier residents, now president of the John M. Richards Co. and Atlas Tie Co., of Spokane, Wash., has become a member of the Golfers Paradise, the "Hole in One" club. A clipping from a Spokane paper proudly sent to Bemidji friends by Mr. Richards tells of his making Hole No. 7 on one of the Spokane courses in one. Par for this hole is three and local golfers who have visited Mr. Richards and played the course declare that it is a difficult one, the drive being up the side of a hill.

"Richards' reputation for truth and veracity was good when he was in Bemidji," declared one old time friend, "but that was before he had taken up golf. Spokane is a long ways away and newspapers sometimes accept statements because of their maker. Personally I will have to receive more verification before I can believe the story."

WHEN Bush left the Yankees and went to the St. Louis Brown team, he made a good move. As the Yankees now stand with one foot in the cellar, everybody is blaming everybody else for the slump and an indication of the evident dissatisfaction is the benching of Shirtsstop Scott who played over a thousand games straight.

Two Gretna Greens have been discovered in Minnesota, one located at Winona and the other at Moorhead. Both have obliging clerks of court and are near state border lines.

TUESDAY, MAY 19, 1925

86 YEARS YOUNG

We attended the birthday party the other evening of Mrs. Louise Dechaine, a pioneer settler near St. Mathias. Mrs. Dechaine is a spry and happy as a girl of 16. She threads her needle without using her glasses, reads the Brainerd Dispatch and her French papers with ease and disdains the use of her spectacles.

The birthday cake at the party was illuminated with 86 candles. It was a large cake, built several stories high and all frosted in terraces and many children and older people consumed it with their eyes until Grandma relented and cut up the cake herself and partitioned it among the huge assembly. And that was one occasion when she used the glasses, for the pieces of cake had to be cut with mathematical precision so that no one would be missed. The candles, little pink wax ones, were lighted and being in such close proximity, nearly wound up in a general conflagration, and to save their sugar base, were gradually extinguished.

Presents galore were showered on her. Then as a concluding number of an extensive program, Grandma "chantered" a little "chanson" as her part of the festivities.

During her half-century residence she has seen many changes in Minnesota. The farmstead has been improved until it is one of the best farms in Crow Wing county. The old trail to Brainerd, where settlers first toted their supplies, has been succeeded by splendid highways. Where mail was received at intervals, when the men folks went to town, there is now a rural route. Where neighbors were few and communication irregular, there is now the telephone line with its many patrons and its friendly interchange of news and neighborliness. Where the children first had miles to walk to go to school, her grandchildren now attend high school in Brainerd.

Last year Grandma was deeply interested in the cucumber campaign inaugurated in Brainerd and her little patch yielded large returns as one of her sons took the product of the patch to Brainerd. Last year there was a fair crop, and this year it will be greatly enlarged, thus producing more pin money for Grandma.

Like the heroine in the film play, she has found the secret of happiness. She looks forward to many things. She plans in a quiet way as her busy needles fly with her knitting. And she hopes to have many more birthdays.

ASSESSOR SHOWS CONSIDERATION

DOWN at Wabeno, Wis., the community was aroused by a "cleanup and paint up" campaign, until some one remembered it was the year for the assessor to assess the real estate. As every one knows, a bright, clean, well kept property, buildings in good repair and premises glowing with a lawn and flowers, and paint liberally used where it is needful, well such a property seems to be a shining mark for a good real estate tax. Nearby may be a neighbors, also on a corner, with a tumble down shack of a house, chimney half down, windows stuffed with burlap, and the assessor may not consider the property worth half as much.

Now comes the fine point. Shall the intelligent, diligent house owner who keeps a clean, well painted sanitary home be penalized in higher taxes while the other property owner, shiftless and careless, lets his premises run down, and gets a lower tax rate?

Assessor C. F. Rietz of Wabeno took a common sense view of the matter and said, "Paint and the scrub brush will not increase the taxable valuation of the buildings of this town." That settled the question as to whether a liberal use of paint would cause an increase in the tax valuation.

As reported by the Associated Press, the assessor made this announcement to the taxpayers:

SENIOR CLASS NIGHT PROVED IMMENSE
SUCCESS; NINETY PUPILS PERFORMED

Senior Class night was held May 18th at eight o'clock in the High School auditorium and despite various other attractions, a packed house greeted the Senior performers. The H. S. orchestra rendered three beautiful selections after which Presidents Harry Lyndon and Stewart Gile appeared garbed in Indian attire and representing the Senior and Junior classes, they bade farewell to one another. It was an impressive moment and the solemn, serious voices of the speakers caused a hush to fall over the audience. Elizabeth Folsom then read the class history, written and presented in her characteristic manner, telling of the many and varied events that happened during the four year course of the present graduates. Ruth Perlman read the class history amidst gales of laughter and applause at curiously suited gifts that were presented to various people.

Congratulations are due Irma Brackner who wrote and dramatized the prophecy. It was no easy task to write a suitable part for so many diverse characters but the successful way in which everything was carried out showed her talent and ability in the play-writing line.

The action of the play took place about fifteen years from now around the time of a presidential inaugural at the White House. All the guests (graduates of '25) were first ushered into the presence of Sophie Brending, confidential secretary to the president, by Gerald Schrader, official announcer. After greetings were over, each individual or group of individuals told of their experiences and demonstrated their present work and occupations, notably among these being the Stock Company with Martius Seeger as director. The company gave a very clever one act play entitled "Peter Passes" written especially for the occasion by Milford Downie, a lad with a most promising future, for the actors easily adapted themselves to their parts and Alice Larson, leading lady, as usual, brought down the house.

Harry Johnson and his paired peaches circus was enjoyed as much as usual. Hazel Lind the prima donna, showed unsuspected talent when she sang "I wonder what's become of Sally" and Alfreda Zawadzki made an accomplished snake charmer. Lois Hall and Anna Hendrickson performed splendidly as did Bessie Smith, the tight-rope walker.

The Marine orchestra was very, very good, playing the popular selection "Katrinka." Many of the musicians were members of last year's "Junior Melody Makers," so 'tis small wonder that they were such a success.

Walter Engbretson, manager of the girl's basketball team, created another laugh as did the presidential group consisting of Harry Lyndon, president of the U. S. A., Margaret Anderson, first lady of the land, Iris Wolvert, nurse, and child, which, because "it looked like its daddy, was going to be president himself some day."

A fitting climax came when the secretary discovered all the graduates had been presented, telling Gerry to summon everyone from the various points of interest in the White House that they were visiting, the entire class grouped themselves in front of Irma Brackner, the photographer, to have their picture taken and ended by singing the class song and, lead by Middle Bergstrand, their class yell.

Chi-bum, chi-boom,
Chi-bum, boom-bah,
Seniors, Seniors,
Rah! Rah! Rah!

Pictures

Two very fine large pictures, size three by four and one-half feet, have been presented to the high school through the kindness of Mrs. R. D. King. One of these is an engraving by George E. Perine entitled "The Signing of the Compact in the Cabin of the Mayflower." The subject of this suggests the scene, that of the Pilgrim men gathered together around a table in the cabin of the ship, intent upon a document which is before them.

The other picture is an etching by J. Henry Hill, which presents a man upon a bridge at night gazing into the rapid river below.

Reminiscences

"Look back, oh comrades, with your faded eyes,
And see the phantoms as I bid them rise!"

Seniors Remember

When we used to go to school at nine o'clock instead of eight-thirty and how we used to listen for the first and the last bells.

When the Junior, sat in the west one third of the assembly and when the Seniors were privileged to take their choice seat every day and the teachers didn't bother to take roll call every period.

When the class rooms were more plentiful and we sat in Miss Scott's office around a student round table and had a good time—while studying.

The table in the assembly where the despised clothes racks now stand. How we used to sit around it during vacant periods and peruse the dictionary—how the faculty got wise and took the chair away and finally the table itself.

When we had a program every two weeks and sometimes a speaker every other day.

Our class officers in our Freshman year. Nary a one destined to graduate with us.

The Hope Class that was held after school every night for those below grade in their daily work.

The Senior bassinettes who were the peppiest Senior boy's quartet ever.

The old time gym with its beams and rafters and above all the stage and dressing rooms. What good times we had standing on the stage rooting for the blue and white. But teachers now hold sway where the dramatist once performed and we need more class room than ever.

When the jinx seemed against us and Little Falls thundered down time and again to carry off triumphant victories in the three major sports but now the tables are turned we've beat her both times in basketball, fairly swamped her in football and capped the baseball championship ourselves.

When we took chorus in the assembly and got an eighth of a credit for it.

The B. H. S. athletic association. When we used to wait for the day when coveted B's were given out and the prettiest girl in school handed out the carnations.

When the Brainonian first started, how the whole school voted on the name and that of Richard Peterson the future "Personal" editor won by a big majority, and Donald Closterman the first editor in chief who carried all his pencils, and pens behind his ears.

When Wally Engbretson, Wally Anderson, and Bill Carlson wore their hair "Stick up pompadour" fashion. Who could have foreseen the sleek haired, handsome sheiks of today.

When Albert Rathert was nothing but a mere ordinary mortal (according to an old clipping). "Albert Rathert says he will sue the Brainonian because they omitted two lines in his poem that was printed last week." Now he's editor of the self same publication. How times do change.

As so we could muse on and on, over those days that "are gone forever." May they tend to brighten life, weary way, till the last dear companion drops smiling away.

Girl Grads

Won'tcha write in my "Girl Grad?" "Oh anything you think of."

And so the athletic heroes must manfully but bashfully grasp their goosequills in hand and inscribe their names and beautiful thoughts on the golden leaves of the Girl Grads, which in later years will be pored over by their fond and loving owners.

Listen, ye who are too high and mighty or too retiring and bashful to grant the appeals of the harried girls! Think of the time when some great literary writer, editor, actress, novelist, musician, professor, or president of the W. C. T. U. slowly turns the pages of her memory book, covered with faded writing and finds no words from your hand and so can not remember that limb of the old Nick, who yanked her locks in Fresh-

WHO'S WHO AT
BRAINERD H. S.

Marguerite O'Brien
My! My! What shall we do?

Marguerite O'Brien is absolutely worked to death. She hasn't book-keeping done nor her English even begun. Her French—she positively never can learn that. Now she's been asked to write for the Brainonian. She claims she'll have to miss her dinner. Poor girl!

She studies and studies and heaves such a sigh when that bell rings. Who can help her? The first thing she pops up with a dandy article for the Brainonian and her studies coming fine.

What happened? The time wasn't stretched. She could put it through. Margaret for the Sophs!

Exams

This is the last time that the Seniors will ever be worried about "those horrid state exams." and the last time that they will rebel against them in useless rage. They have asked for the last time the question of "Why must we take states when schools in other cities don't?" After asking this every year throughout the high school course they are beginning to see the futility of such queries.

And so, between plans for a Baccalaureate dress, and sending off announcements, and planning for the Junior-Senior banquet, they are joining the rest of the school in feverish reviewing for those awful state exams, which for some may yet shatter their hopes of graduating this year.

BACCALAUREATE SERVICES HELD ON
SUNDAY, MAY 18, AT HIGH SCHOOL

A huge crowd more than filled the high school auditorium on Sunday evening at the baccalaureate exercises. The assembly was beautifully decorated for the occasion in the Senior colors, rose and gray, with ferns and pink roses adorning the platform.

The address was delivered by Reverend A. G. Patterson. Having gathered there in response to a time-honored custom, he said that we have finished one step and are ready to take another. We must be always grateful for all that has been done for us in this school, and now we will be required to give to the community.

Rev. Patterson admonished us to watch the books that we make our friends and to choose all our friends carefully. He said to remember that no handicap, however great, can keep the soul down and to remember our purpose in life.

The text was taken from Joshua 24, 15, "Choose this day whom you shall serve." Our greatest purpose is to lift people up to God. We are expected to do our best for society, establish higher justice and righteousness, better laws and be a citizen of the world.

Following is the order of the services:

1. Entrance of Senior Class, to the music of the "Cup Winner March." Tocoben—High School Orchestra.

2. "The Earth is the Lord's," Rogers—High School Glee Club.

3. Invocation, by Rev. Paulson.

4. Trio, "Lift Thine Eyes," Rogers—High School Glee Club.

5. Scripture reading by Rev. Olmsted.

6. Selections from "Maritana," Wallace—High School Orchestra.

7. Baccalaureate Address—Rev. A. G. Patterson.

8. "The Heavens Resound," Beethoven, (Arr.)—High School Glee Club.

9. Benediction, by Rev. Cooke.

Bun M.: "Lena Gravelle is the best volley ball player of the girls in B. H. S."

Bun M.: "She did."

man days or the quiet boy who carried home her books. Or in some quiet little home beside a fireplace, she tells the wondering little ones about her, how this one whose x is in her book, was such a wonderful basketball player. Or looking through some acquaintance's book you come over the inspiring words you wrote and remember the ambitions and dreams of your youth.

Never refuse to do your best when the plaintive cry is heard, "Won't you write in my Book?"

The teachers really have the hardest time but if they only knew how uplifted and strengthened we feel after reading their loving wishes for our welfare, they would feel repaid for their trouble.

Everyone who writes in a Girl Grad usually has the privilege of looking through it, and the jokes, autographs, pictures, souvenirs, and all the other wonders which make up the contents, are certainly fascinating enough to make up for any qualms or inconveniences felt in the act of affixing one's "Name and motto" to the collection.

We're for "Girl Grad" any old time!

NOTICE

The Brainonian Annual of 1925 is selling quite favorably the last week and only thirty-five more copies are uncalculated and unpaid for. The annual will be out possibly the end of this week, and the editor advises anyone wishing a copy to get theirs NOW. No annuals will be held for more promises. Money must be in with the promise. Your last chance! While they last, 75c.

The Faculty

Miss TORNSTROM decided to take the seniors to a village of SCHAUMBERG for a picnic. She and the DEAN of the school were chaperones. The walk out was pleasant and the lofty seniors made many friends with the farmers. When they arrived there they immediately began to prepare dinner. Everybody wanted to help. All were calling, "WAN'OUS to bring some water?"

"Yes" called back Miss Tornstrom "Who'll be the WATERMAN?" Gerry S. and Emil M. were the only volunteers.

They walked down to a beautiful stream called LAIPPLE, but horrors! there stood a farmer's CHOW, a big black one.

"Oh, let's go back," cried Emil. "Well—ER—STEAD of now, let's get it afterwards," called Gerry. As they receded around they were confronted by THOMAS O'BRIEN a farmer, owner of the cow.

"Come on ROSELLA, they're scared of you," the farmer said sarcastically, and grinning walked away.

When the boys came back they asked where to put the water. Ruth Perlman with her mouth full of crackers cried out, "On the fire for CAUGHEY" (meaning coffee).

While they were eating three boys came JOHN'S and LAR'S SON with JORAN, BY they hailed us and they all invited them to come over and eat, but Miss Tornstrom said, "Now girls, no floirting at this picnic."

The afternoon was spent in roaming, playing games and listening to the frogs and birds. Some interpreted the frogs, having them say, "UGLUM-UGLUM" others said the birds say "JERPE."

Some of the girls found a FLEMINGO nest and brought the young over to be inspected.

Two O'clock came too early, and we all started out to go home. Miss Tornstrom got up on a stump and announced, "If please ye, listen to LOHR, I want all of you to return with me to the assembly HALL. I have a surprise. When they arrived there she gave each one a horseshoe for good luck made by MOSIER BLACK SMITH Company. All left for home saying they had the best time of their lives and singing a song about B. H. S. entitled the "GOLDENBURG" of students.

Miss Schow: "This is the watch the teachers are giving to Miss Scott because she is leaving."

Helen P.: "Gee! I wish I were leaving."

Violet S.: "Shik comes from a small insect from 19 to 4999 in. long."

Miss Larsen: "When was Napoleon at the height of his power?"

Pupil: "Oh, 1898" (and a visiting superintendent was present.)

BRAINLESS BITS

Teacher: "We cannot feel color."
Marls P.: "Certainly you can feel blue."

Bus Fitz: "I feel like seven days."
Anthony K.: "How do you feel then?"

Bus: "Just a little week."

Teacher: "What do you have to know in order to solve this problem?"

Pupil: "How to work it."

In English II: "So we girls don't know or else there's a new fashion that boys have 'pleats in their pants.'"

Miss Hall in Ancient History: "Earl, tell about some of the things prehistoric man did."

Earl: "They domesticated wolves and made dogs."

Miss Larsen: (in Modern History) "Raymond, name one invention that revolutionized transportation."

Raymond: "—Oh—the McCormick Reaper in 1831."

Olaf Peterson came to school the other day sporting a new tweed suit. He looks like a sheik.

Mr. S.: "You can talk through the air with a wireless."

M. O.: "You can talk through the air without wireless too."

Miss Erstad: "Man can't flap his arms fast enough to keep him up."

H. S.: "Flappers ought to be fast enough."

M. P.: "—and they hitch up the current—"

Miss Thomas: "When was Mohammed born?"

Edward H.: "Quite a while ago."

Miss Tornstrom (to the assembly): "A lady wants to know if there is any girl who would like to work."

Anthony Koop: "Right here."

Teacher: "What is the answer to this problem?"

Bright Pupil: "I don't know."

Teacher: "Well what do you think it is?"

Bright Pupil: "I don't know."

Teacher (exasperated): "Do you ever think?"

Bright Pupil: "I don't think so."

Athletes Are Honored

Perhaps Brainerd High School has had representation in national student organizations before, but this year she has been especially honored by having three students who have qualified for membership in the greatest student organization in the country, namely: the National Athletic Scholarship Society of Secondary Schools.

The qualifications for membership of this organization are: that the student must have participated and received his letter in at least one major sport, and that he must have had a scholastic average over that achieved by the rest of the school for a period of three semesters during which time he is supposed to have received his athletic letter. The records of each athlete were carefully gone over and it was found that there were only three in our school who passed the requirements. The names of these three were sent in to the National Headquarters with the usual fee of fifty cents each, which entitles them to the privilege of active membership for life.

Richard Marshall headed the list of athletes honored with scholastic average of over the ninety mark with Harry Lyndon and Stewart Gile following closely with averages well over the eighty mark. It is interesting to note that the last two named are presidents of the Senior and Junior classes respectively, who found it possible with all their other duties to maintain a good average in their studies, thus being able to meet the requirements of a worth while organization, which is an achievement that very few attain.

Miss Schow: "This is the watch the teachers are giving to Miss Scott because she is leaving."

Helen P.: "Gee! I wish I were leaving."

Violet S.: "Shik comes from a small insect from 19 to 4999 in. long."

Miss Larsen: "When was Napoleon at the height of his power?"

Pupil: "Oh, 1898" (and a visiting superintendent was present.)

The Cheese Box

Editor-in-Cheese—Ruth Perlman

Just before driving home from the Crosby carnival about three weeks ago, Margaret Jones was told to take a certain place in the car, ignorant of the fact that there were three Victrola records in her place. As might be expected, the records were broken and Margaret is now hailed as the latest B. H. S. record-breaker.

Miss Dean: "Give a collective noun."

Student: "A vacuum-cleaner."

It's beginning to look like graduation around B. H. S. lately; every Senior carrying his or her package of Commencement announcements, Senior girls asking their neighbors "what on earth have you got for Baccalaureate?" and above all, that "it's no use studying now; if I didn't get a passing grade before this, I surely won't get it now."

One can always tell a Senior now-a-days by that worried expression on her face and "I'm sure it's not reasonable to expect me to do more than three things at one time; Caesar was the only one that could it; I simply can't."

Teacher: When did shingles first come into use?

Small boy (history class discussing inventions): When I was about four years old, I think.

Teacher in Com. Geog.: What kind of leather makes the best shoes?

Freshman, in more ways than one: I don't know, but banana peels make the best slippers.

Mr. to Maid: Mary, please don't leave that mop on the back of the tall chair turned towards the fire place.

Mary: Sir, that isn't my mop; it's Miss Mary's head; she just washed it.

Wallace A. (in Biology): Why can't people eat unpolished rice when they begin to get old so their bones will get soft again?

Eng II: Who sat at the head of King Arthur's Round Table?

Albert E.: Queen Guinevere.

Schaumburg in Science: What is a eiphon, Clarence?

Clarence, absently: A large animal that lived a long time ago and could cover a lot of ground in a little space of time?

What happened to King Arthur after he threw away the sword?

Albert E.: Oh, he left on a barge with three young ladies, ahem!

Science: How long is a short circuit?

Student: As long as it lasts.

Prof.: Where do animals grow the most fat, around the North Pole or the equator?

Student, thoughtfully: Around the equator, of course.

Aviator (after doing a tall spin): What's that peculiar knock I hear?

Passenger: Oh, that's my heart.

Student, coming from laboratory after examination: "Congratulations me, old top; at last I have made a scientific achievement."

Second student: "What is it?"

First student: "I have obtained absolute zero."

"If your father could hear your stupid answers he would turn over in his grave."

"He couldn't; he was cremated."

Whew!!!

Miss Laipple (Biology): "What advantage has man over animals?"

Elmer E.: "Well, he's bigger than all—excepting the elephant."

Miss Hall (In Anc. Hist.): "Why did the Greeks colonize?"

A. B.: "For fur trading."

In Biology all the boys except Clifford W. have seen frogs' eggs.

Brainerd High School defeated Little Falls High in a fast baseball game last Wednesday afternoon by a score of 7-4. Never during the game was the final outcome in doubt because Brainerd took an early lead and held it throughout the contest.

Engbretson pitched well for the locals, the opponents being able to garner but four hits. The fielding by Rosenberg of Brainerd was very spectacular at times and was responsible for holding Little Falls to a comparatively low score; once during the early part of the game he made a beautiful throw from deep short, catching a man at the plate with only a few inches to spare, cutting off what looked sure to be a counter.

Mrozik started on the mound for the down riverites but due to very poor support from his teammates and two hits by the locals, at critical times got himself in a hole and gave way to Houser when the game was practically lost. Houser pitched good ball for the rest of the game, being accorded better support.

Few hits were made by either team; Brainerd garnered three and Little Falls four. Larson, Brainerd catcher, got a double, and Keeler, receiver for Little Falls, made two singles.

BRAINONIAN

PUBLISHED WEEKLY BY THE STUDENTS OF BRAINERD HIGH SCHOOL

SENIOR CLASS NIGHT PROVED IMMENSE
SUCCESS; NINETY PUPILS PERFORMED

Senior Class night was held May 18th at eight o'clock in the High School auditorium and despite various other attractions, a packed house greeted the Senior performers. The H. S. orchestra rendered three beautiful selections after which Presidents Harry Lyndon and Stewart Gile appeared garbed in Indian attire and representing the Senior and Junior classes, they bade farewell to one another. It was an impressive moment and the solemn, serious voices of the speakers caused a hush to fall over the audience. Elizabeth Folsom then read the class history, written and presented in her characteristic manner, telling of the many and varied events that happened during the four year course of the present graduates. Ruth Perlman read the class will amidst gales of laughter and applause at curiously suited gifts that were presented to various people.

Congratulations are due Irma Brackner who wrote and dramatized the prophecy. It was no easy task to write a suitable part for so many diverse characters but the successful way in which everything was carried out showed her talent and ability in the play-writing line.

The action of the play took place about fifteen years from now around the time of a presidential inaugural at the White House. All the guests (graduates of '25) were first ushered into the presence of Sophie Brending, confidential secretary to the president, by Gerald Schrader, official announcer. After greetings were over, each individual or group of individuals told of their experiences or demonstrated their present work and occupations, notably among these being the Stock Company with Marjorie Seger as director. The company gave a very clever one act play entitled "Peter Passes" written especially for the occasion by Milford Downie, a lad with a most promising future, for the actors easily adapted themselves to their parts and Alice Larson, leading lady, as usual, brought down the house.

Harry Johnson and his paired peaches circus was enjoyed as much as any. Hazel Lind the prima donna, showed unsuspected talent when she sang "I wonder what's become of Sally" and Alfreda Zawadzki made an accomplished snake charmer. Lois Hall and Anna Hendrickson performed splendidly as did Bessie Smith, the tight-rope walker.

The Marine orchestra was very, very good, playing the popular selection "Katinka." Many of the musicians were members of last year's "Junior Melody Makers," so 'tis small wonder that they were such a success.

Walter Engbretson, manager of the girl's basketball team, created another laugh as did the presidential group consisting of Harry Lyndon, president of the U. S. A., Margaret Anderson, first lady of the land, Iris Wolvert, nurse, and child, which, because "it looked like its daddy, was going to be president himself some day."

A fitting climax came when the secretary discovered all the graduates had been presented, telling Gerry to summon everyone from the various points of interest in the White House that they were visiting, the entire class grouped themselves in front of Irma Brackner, the photographer, to have their picture taken and ended by singing the class song and, lead by Middle Bergstrand, their class yell.

Pictures

Two very fine large pictures, size three by four and one-half feet, have been presented to the high school through the kindness of Mrs. R. D. King. One of these is an engraving by George E. Perine entitled "The Signing of the Compact in the Cabin of the Mayflower." The subject of this suggests the scene, that of the Pilgrim men gathered together around a table in the cabin of the ship, intent upon a document which is before them.

The other picture is an etching by J. Henry Hill, which presents a man upon a bridge at night gazing into the rapid river below.

Reminiscences

"Look back, oh comrades, with your faded eyes,
And see the phantoms as I bid them rise!

Seniors Remember

When we used to go to school at nine o'clock instead of eight-thirty and how we used to listen for the first and the last bells.

When the Junior sat in the west one third of the assembly and when the Seniors were privileged to take their choice seat every day and the teachers didn't bother to take roll call every period.

When the class rooms were more plentiful and we sat in Miss Scott's office around a student round table and had a good time—while studying.

The table in the assembly where the despised clothes racks now stand. How we used to sit around it during vacant periods and peruse the dictionary—how the faculty got wise and took the chair away and finally the table itself.

When we had a program every two weeks and sometimes a speaker every other day.

Our class officers in our Freshman year. Nary a one destined to graduate with us.

The Hope Class that was held after school every night for those below grade in their daily work.

The Senior bassinettes who were the peepiest Senior boy's quartet ever.

The old time gym with its beams and rafters and above all the stage and dressing rooms. What good times we had standing on the stage rooting for the blue and white. But teachers now hold sway where the dramatist once performed and we need more class room than ever.

When the jinx seemed against us and Little Falls thundered down time and again to carry off triumphant victories in the three major sports but now the tables are turned we've beat her both times in basketball, fairly swamped her in football and capped the baseball championship ourselves.

When we took chorus in the assembly and got an eighth of a credit for it.

The B. H. S. athletic association. When we used to wait for the day when coveted B's were given out and the prettiest girl in school handed out the carnations.

When the Brainonian first started, how the whole school voted on the name and that of Richard Peterson the future "Personal" editor won by a big majority, and Donald Closterman the first editor in chief who carried all his pencils, and pens behind his ears.

When Wally Engbretson, Wally Anderson, and Bill Carlson wore their hair "Stick up pompadour" fashion. Who could have foreseen the sleek haired, handsome sheiks of today.

When Albert Rathert was nothing but a mere ordinary mortal (according to an old clipping). "Albert Rathert says he will sue the Brainonian because they omitted two lines in his poem that was printed last week." Now he's editor of the self same publication. How times do change.

An so we could muse on and on, over those days that "are gone forever." May they tend to brighten life's weary way, till the last dear companion drops smiling away.

Girl Grads

Won'tcha write in my "Girl Grad?" "Oh anything you think of."

And so the athletic heroes must manfully but bashfully grasp their goosequills in hand and inscribe their names and beautiful thoughts on the golden leaves of the Girl Grads, which in later years will be pored over by their fond and loving owners.

Listen, ye who are too high and mighty or too retiring and bashful to grant the appeals of the harried girls! Think of the time when some Great Literary writer, editor, actress, novelist, musician, professor, or president of the W. C. T. U. slowly turns the pages of her memory book, covered with faded writing and finds no words from your hand and so can not remember that limb of the old Nick, who yanked her locks in Fresh-

WHO'S WHO AT
BRAINERD H. S.

Marguerite O'Brien
My! My! What shall we do?

Marguerite O'Brien is absolutely worked to death. She hasn't book-keeping done nor her English even begun. Her French—she positively never can learn that. Now she's been asked to write for the Brainonian. She claims she'll have to miss her dinner. Poor girl!

She studies and studies and heaves such a sigh when that bell rings. Who can help her? The first thing she pops up with a dandy article for the Brainonian and her studies coming fine.

What happened? The time wasn't stretched. She could put it through. Margaret for the Sophs!

BACCALAUREATE SERVICES HELD ON
SUNDAY, MAY 18, AT HIGH SCHOOL

A huge crowd more than filled the high school auditorium on Sunday evening at the baccalaureate exercises. The assembly was beautifully decorated for the occasion in the Senior colors, rose and gray, with ferns and pink roses adorning the platform.

The address was delivered by Reverend A. G. Patterson. Having gathered there in response to a time-honored custom, he said that we have finished one step and are ready to take another. We must be always grateful for all that has been done for us in this school, and now we will be required to give to the community.

Rev. Patterson admonished us to watch the books that we make our friends and to choose all our friends carefully. He said to remember that no handicap, however great, can keep the soul down and to remember our purpose in life.

The text was taken from Joshua 24, 15, "Choose this day whom you shall serve." Our greatest purpose is to lift people up to God. We are expected to do our best for society, establish higher justice and righteousness, better laws and be a citizen of the world.

Following is the order of the services:

1. Entrance of Senior Class, to the music of the "Cup Winner March," Tocoben—High School Orchestra.
2. "The Earth is the Lord's," Rogers—High School Glee Club.
3. Invocation, by Rev. Paulson.
4. Trio, "Lift Thine Eyes," Rogers—High School Glee Club.
5. Scripture reading by Rev. Olmsted.
6. Selections from "Maritana," Wallace—High School Orchestra.
7. Baccalaureate Address—Rev. A. G. Patterson.
8. "The Heavens Resound," Beeethoven, (Arr.)—High School Glee Club.
9. Benediction, by Rev. Cooke.

Bun M.: "Lena Gravelle is the best volley ball player of the girls in B. H. S."

John F.: "Who said so?"

Bun M.: "She did."

man days or the quiet boy who carried home her books. Or in some quiet little home beside a fireplace, she tells the wondering little ones about her, how this one whose x is in her book, was such a wonderful basketball player. Or looking through some acquaintance's book you come over the inspiring words you wrote and remember the ambitions and dreams of your youth. Never refuse to do your best when the plaintive cry is heard, "Won't you write in my book?"

The teachers really have the hardest time but if they only knew how uplifted and strengthened we feel after reading their loving wishes for our welfare, they would feel repaid for their trouble.

Everyone who writes in a Girl Grad usually has the privilege of looking through it, and the jokes, autographs, pictures, souvenirs, and all the other wonders which make up the contents, are certainly fascinating enough to make up for any qualms or inconveniences felt in the act of affixing one's "Name and motto" to the collection.

We're for "Girl Grad" any ole time!

Exams

This is the last time that the Seniors will ever be worried about "those horrid state exams." and the last time that they will rebel against them in useless rage. They have asked for the last time the question of "Why must we take states when schools in other cities don't?" After asking this every year throughout the high school course they are beginning to see the futility of such queries.

And so, between plans for a Baccalaureate dress, and sending off announcements, and planning for the Junior-Senior banquet, they are joining the rest of the school in feverish reviewing for those awful state exams, which for some may yet shatter their hopes of graduating this year.

SENIORS ENTERTAIN
JUNIORS AT ROCKY PT.

Friday after school the Juniors were entertained by the Seniors. According to tradition the picnic should have been held at Merrifield or Gilbert Lake, but Rocky Point appealed to us much more, and it certainly proved an ideal place. Cars were provided in plenty, and all enjoyed the long ride.

At six o'clock a hot supper was served, consisting of meat loaf, creamed potatoes, pickles, buns, ice cream cones, and cookies. Just as we finished, the rain started to pour down, and we all rushed to the pavilion. Here a blazing fire in the fireplace furnished a cheerful atmosphere, while the playing of skillful fingers on the piano aided in furnishing amusement. When the hour for departure came, we all left reluctantly.

SANDGREN WAS HEAVY STICK-

TRIPS

The B. A. C. came from behind to whip the Seals last night by a score of 8-6. Game was an interesting one, with both sides playing effective ball, except in pinch a few times.

Sandgren was the heavy stickler, with three hits in four trips. Extra base clouts were registered by Thompson and Steinfeldt. Thompson's hit scored two men.

Tonight the A. O. U. W. and the Y. M. C. A. play. A win for the Workmen will make the race a free-for-all. All fans are invited to see the game. It will start on time, at 5:30 P. M.

LITTLE FALLS LOSES TO ST. CLOUD, 17-9

CENTRAL MINNESOTA LEAGUE SCORES FOR SUNDAY GAMES

(By United Press)

St. Cloud and Clear Lake went into a tie for first place in the Central Minnesota baseball league standings by virtue of victories Sunday.

St. Cloud outslugged Little Falls, 17 to 9, and Clear Lake nosed out Anoka, 4 to 3. Cold Springs and Richmond won their games Sunday, evening up scores for their losses last week. Cold Spring defeated Litchfield, 3 to 1, and Richmond took down Sauk Rapids for a 4 to 3 victory.

The upset of the dope Sunday came with St. Cloud's defeat of Little Falls. The latter team won from Richmond last week and was conceded to be one of the leading pennant contenders in the league. The warm weather brought out large attendances.

United States Tombstone

On one of the United States Indian reservations an old Indian lost his wife, whom he had dearly loved. In grief he went to the Indian agent and asked him to send for a "United States tombstone."

The agent procured a stone that he thought would please the old man and took it to him for approval. But it did not suit at all. The agent tried again, but with no better success.

Finally the Indian went himself for the stone.

A few weeks later the agent noticed from a distance a peculiar looking object in the Indian burying ground. He went closer and discovered firmly planted at the grave of the Indian's wife a barber's pole! The old Indian had procured his "United States tombstone."

The old man has been gone long years, and barbers' poles are nearly all gone too; but that one represented a love as true as many that are commemorated by marble monuments.—Youth's Companion.

Ladies Might Battle

Feminine encounter conveyed an expensively equipped modiste shop into a chaos resembling a chicken coop after a roost raid on the Mary Philbin set at Universal City when her latest starring vehicle "Fifth Avenue Models," now being screened in the Lyceum theatre was being filmed.

Mary's dress, consisting largely of feathers, was scattered all over the place. Mary emerged from a cumbered mass of wearing apparel, disheveled, but victorious.

Betty Francisco, her adversary in the debate, was dragged out of the wreckage by excited mannequins, looking for all the world like the victim of a great disaster.

It was for one of the biggest scenes in Mary's new Universal-Jewel starring vehicle which Svend Gade directed. Miss Philbin and Miss Francisco both play the roles of fashionable mannequins.

It is a tensely dramatic love story adapted from "The Best in Life," sensational novel by Muriel Hine.

DAREDEVIL WRECKERS FIGURE HOW TO REMOVE DIANA FROM THE GARDEN

Wreckers are busy razing Madison Square Garden, for years the scene of New York City's gorgeous spectacles and society and sporting events. There was much speculation as to what was to become of Saint Gaudens' Diana, the masterpiece which balances atop the tower but this has been settled by New York University offering to place the giant statue in a proper setting. This photograph was made while wreckers were climbing about the figure of Diana.

NEW COMMITTEES OF THE COUNCIL

President W. J. Lyonais Announces His New Appointments For Term

CIRCUS COMING TO TOWN

Sewer Petition Received, Asking For Sever on Maple Street, 12th to 13th Streets

W. J. Lyonais, president of the city council, announced his committee appointments at the regular meeting of that body held on Monday evening. These appointments are as follows:

Finances and Taxes—Martin Anderson, chairman, W. E. Quamstrom, V. F. Anderson.

Purchasing, Printing and City Property—Andrew Wesley, chairman, R. H. Paine, V. F. Anderson.

Streets, Sidewalks and Bridges—E. Ritari, chairman, C. G. Holmstrom, W. E. Lewis.

Health and Police—C. G. Holmstrom, chairman, C. Elvig, V. F. Quamstrom.

Fire, Light and Water—R. H. Paine, chairman, Andrew Wesley, W. E. Lewis.

Relief and Poor—W. E. Lewis, chairman, Andrew Wesley, C. Elvig, E. Ritari, C. G. Holmstrom.

Brainerd is to have a circus this summer. A Mr. Scholm, representing the Lee Brothers wild animal shows, appeared before the city council and made application for a license to exhibit in Brainerd on June 30th. He agreed to leave the streets of the city in as good a condition as that in which they may be found, this to be left in the hands of, and under the supervision of the health officer.

An aye and nay vote was taken on the motion to grant a license to the Lee Brothers, and all members of the council voted aye with the exception of Alderman W. E. Lewis. The motion was declared carried, and the license ordered issued.

A sewer petition was received, asking for a sewer on Maple street, between Twelfth and Thirteenth streets. This was referred to the city engineer and the street committee.

Richard Ilse, representing the Northeast Brainerd Improvement League, appeared before the council concerning the trunk highways between Brainerd and Little Falls, and between Brainerd and Duluth. Work on the Little Falls highway is expected to start this season, and the new route of the Duluth highway has been surveyed through Northeast Brainerd, with the idea of shortening the distance and to avoid two railway grade crossings.

Mr. Ilse asked the council to appoint a committee, which with similar committees from the Chamber of Commerce and the Improvement League, would meet with the county commissioners at their regular session on June 6th. On motion the chair was authorized to appoint a committee of three for this purpose.

A petition was received for the opening of Rosewood street at Sixteenth, which on motion was referred to the street committee, the city engineer, the city attorney and the two aldermen from the Fourth ward.

A letter was read from J. P. Anderson, superintendent of the local Northern Pacific shops, in regard to safety signs to be placed along A street in Northeast Brainerd. This was referred to the city engineer, with power to act.

A petition was read for the curbing and grading of Norwood street and on motion was referred to the street committee and the city engineer to report at the next meeting.

On motion carried the chair made the following appointments on the sinking fund committee: F. A. Farrar, John Carlson and J. W. Koop.

The Franson Motor Company asked a reconsideration of its bill for repairing the fire truck, which at a previous meeting of the council was materially cut before being allowed. A letter from the company to the White Motor Co., of Minneapolis with its answer, was read, in which the White company held that the Franson bill for labor was considered just and reasonable. On motion the entire bill for material on the repairs of the truck was allowed, and \$111 of the bill for labor.

An announcement was read from the League of Minnesota Municipalities, stating that the annual meeting of this organization will be held in Alexandria on June 10th, 11th, and 12th, and asking that the Brainerd council appoint delegates to the meeting. City Attorney D. H. Fullerton, and City Clerk, Mrs. E. T. Flegner were selected as delegates.

A complaint, signed by J. M. Hayes was read, charging that Andrew Wesley, as alderman of the First

ward, had done work for the city through its Water and Light Department, contrary to the city ordinances. Mr. Wesley explained that this was work done on the water system to West Brainerd, and was at the request of the citizens in that section of the city, he acting only as their representative.

A motion was made by Aldermen Lewis and Martin Anderson, setting a time for a hearing on this matter, together with the calling of witnesses. This motion, when put to a vote, lost, and the matter was laid upon the table.

On motion carried the mayor was allowed to appoint a special police to take charge of the matter of dog licenses, and to be employed for one week only.

Repairs to the sidewalk on the Mississippi river bridge to West Brainerd, was referred to the city engineer.

On motion Mr. and Mrs. Erickson, living in Southeast Brainerd, were allowed \$15 per month relief money.

The money in the musical fund was upon motion ordered turned over to the Municipal Band.

Lasher and Finney made application for the use of meadow land or city property in Northeast Brainerd, and this was left in the hands of the mayor.

The city engineer reported that S. A. Riches had started work on the new sidewalk to the cemetery.

Bills were allowed subject to the approval of the finance committee. All members of the council were present at Monday evening's meeting.

ALPHA CHAPTER SIGNALLY HONORED

Mrs. C. H. Mills Named as One of the Grand Officers at St. Paul Meeting

ENTERTAINED AT DINNER

Reception Held in Honor of Game Officers at St. Paul Masonic Temple

Alpha Chapter, Order of the Eastern Star, was signally honored when the grand chapter of the state of Minnesota met in St. Paul last week. In having as one of the grand officers the worthy matron of the local lodge, Mrs. C. H. Mills, as Grand Ada.

On last Monday evening, Mrs. Mills was entertained with present and past grand officers at the home of Marguerite Dunn, grand conductress, at a six o'clock dinner, musical and card party. About 50 in all were entertained.

On Tuesday evening a reception was held in honor of the grand officers at the Masonic Temple. Addresses were given by Governor Theodore Christianson, Mayor Nelson, of St. Paul, Hayden French, grand master of Minnesota Masonry. A beautiful drill was given by the girl members of a St. Paul Eastern Star chapter.

The regular business sessions were held on Wednesday and Thursday. At the Wednesday afternoon session, Mrs. Harold Forsberg presented Mrs. Mills with a beautiful wrist watch in behalf of Alpha Chapter, of Brainerd, and Mrs. Ella Bondy presented her with a beautiful floral token in behalf of the Past Matrons club of her home lodge.

On Friday afternoon a large delegation from all parts of the state visited the Masonic home, where in beautiful buildings and pleasant surroundings live many elderly Masons and their wives. Several new buildings are under construction this spring.

Mrs. Forsberg, Mrs. Bondy and Mrs. C. R. Benet returned to Brainerd on Thursday evening, and Mrs. Mills came home on Saturday evening.

MINIATURE STYLE SHOW

To be Opened to Public on Thursday Evening at H. F. Michael Co. Store

Visitors to the H. F. Michael Co. store find that some of the windows are curtained and one is informed that they will all be curtained by Thursday.

Inquiry discloses the fact that a miniature style show will be opened to the public on Thursday evening at 7:30 when these windows will be unveiled and the contents shown to the public which will mainly consist of the very latest in lingerie and lingerie materials.

The Dispatch learns that some very high priced novelties will be shown in "undies" and in fine corsets. This is quite an innovation which doubtless will draw crowds as it will be so convenient to drive down after dinner and spend a few minutes seeing the display.

Lively's stock of Ford parts is complete in every detail. Open day and night.

THE beauty of every real home is a lot more than "skin deep." It extends to the very heart of the home—the heating system.

But the house that is filled with clean air, warmed and moistened and circulated, all to the right degree—that is a home of congeniality, of inspiration and of health.

It is easy to be well and happy in a home heated and ventilated by a Holland Warm Air Circulating System.

And it is strictly economical to heat your house the Holland way. The Holland uses less fuel than any other system—by actual test.

And buying the Holland for your home is the very easiest thing of all. A trained factory representative measures up your home with reference to its various heat requirements, and tells you exactly what the complete installation price amounts to. It is with this same responsible factory representative that arrangements for payment can be made. Cash with an attractive discount, or time payments, whichever is preferred.

Structurally, the Holland Furnace is virtually the same today as it was when first manufactured. Naturally, however, there have been improvements of consequence.

NEW COMMITTEES OF THE COUNCIL

President W. J. Lyonais Announces
His New Appointments
For Term

CIRCUS COMING TO TOWN

Sewer Petition Received, Asking For
Sever on Maple Street, 12th
to 13th Streets

W. J. Lyonais, president of the city council, announced his committee appointments at the regular meeting of that body held on Monday evening. These appointments are as follows:

Finances and Taxes—Martin Anderson, chairman, W. E. Quanstrom, V. F. Anderson.

Purchasing, Printing and City Property—Andrew Wesley, chairman, R. H. Paine, V. F. Anderson.

Streets, Sidewalks and Bridges—E. Ritari, chairman, C. G. Holmstrom, W. E. Lewis.

Health and Police—C. G. Holmstrom, chairman, C. Elvig, V. E. Quanstrom.

Fire, Light and Water—R. H. Paine, chairman, Andrew Wesley, W. E. Lewis.

Relief and Poor—W. E. Lewis, chairman, Andrew Wesley, C. Elvig, E. Ritari, C. G. Holmstrom.

Brainerd is to have a circus this summer. A Mr. Scholm, representing the Lee Brothers wild animal shows, appeared before the city council and made application for a license to exhibit in Brainerd on June 30th. He agreed to leave the streets of the city in as good a condition as that in which they may be found, this to be left in the hands of, and under the supervision of the health officer.

An aye and nay vote was taken on the motion to grant a license to the Lee Brothers, and all members of the council voted aye with the exception of Alderman W. E. Lewis. The motion was declared carried, and the license ordered issued.

A sewer petition was received, asking for a sewer on Maple street, between Twelfth and Thirteenth streets. This was referred to the city engineer and the street committee.

Richard Ilse, representing the Northeast Brainerd Improvement League, appeared before the council concerning the trunk highways between Brainerd and Little Falls, and between Brainerd and Duluth. Work on the Little Falls highway is expected to start this season, and the new route of the Duluth highway has been surveyed through Northeast Brainerd, with the idea of shortening the distance and to avoid two railway grade crossings.

Mr. Ilse asked the council to appoint a committee, which with similar committees from the Chamber of Commerce and the Improvement League, would meet with the county commissioners at their regular session on June 6th. On motion the chair was authorized to appoint a committee of three for this purpose.

A petition was received for the opening of Rosewood street at Sixteenth, which on motion was referred to the street committee, the city engineer, the city attorney and the two aldermen from the Fourth ward.

A letter was read from J. P. Anderson, superintendent of the local Northern Pacific shops, in regard to safety signs to be placed along A street in Northeast Brainerd. This was referred to the city engineer, with power to act.

A petition was read for the curbing and grading of Norwood street and on motion was referred to the street committee and the city engineer to report at the next meeting.

On motion carried the chair made the following appointments on the sinking fund committee: F. A. Farrar, John Carlson and J. W. Koop.

The Franson Motor Company asked a reconsideration of its bill for repairing the fire truck, which at a previous meeting of the council was materially cut before being allowed. A letter from the company to the White Motor Co., of Minneapolis with its answer, was read, in which the White company held that the Franson bill for labor was considered just and reasonable. On motion the entire bill for material on the repairs of the truck was allowed, and \$111 of the bill for labor.

An announcement was read from the League of Minnesota Municipalities, stating that the annual meeting of this organization will be held in Alexandria on June 10th, 11th, and 12th, and asking that the Brainerd council appoint delegates to the meeting. City Attorney D. H. Fullerton, and City Clerk, Mrs. E. T. Pletcher were selected as delegates.

A complaint, signed by J. M. Hayes was read, charging that Andrew Wesley, as alderman of the First

ward, had done work for the city through its Water and Light Department, contrary to the city ordinances. Mr. Wesley explained that this was work done on the water system to West Brainerd, and was at the request of the citizens in that section of the city, he acting only as their representative.

A motion was made by Aldermen Lewis and Martin Anderson, setting a time for a hearing on this matter, together with the calling of witnesses. This motion, when put to a vote, lost, and the matter was laid upon the table.

On motion carried the mayor was allowed to appoint a special police to take charge of the matter of dog licenses, and to be employed for one week only.

Repairs to the sidewalk on the Mississippi river bridge to West Brainerd, was referred to the city engineer.

On motion Mr. and Mrs. Erickson, living in Southeast Brainerd, were allowed \$15 per month relief money.

The money in the musical fund was upon motion ordered turned over to the Municipal Band.

Lasher and Finney made application for the use of meadow land on city property in Northeast Brainerd, and this was left in the hands of the mayor.

The city engineer reported that S. A. Riches had started work on the new sidewalk to the cemetery.

Bills were allowed subject to the approval of the finance committee. All members of the council were present at Monday evening's meeting.

WALKER MAY WIN A DOUBLE CHAMPIONSHIP

By HENRY L. FARRELL
(United Press Sports Editor)

New York, May 19.—Mickey Walker will have a chance to become one of those double-barreled champions when he meets Harry Greb, the middle-weight champion, of the world, at the Polo Grounds here on May 29. Walker, who holds the welterweight championship, is stepping up a class in meeting Greb, but he will not be giving away too much weight, as he is one of those heavy welters who can fight in either division.

Since Walker made Mike McTigue, the world's light heavyweight champion, look so foolish in a bout during the winter in Newark, a good many of the railbirds think that he is almost sure to beat Greb and win another title. The showing that Walker made against McTigue is rather weak ground upon which to build hope for the Greb fight, however, McTigue is a light-heavyweight in name only as he is a legitimate middleweight and does not weigh much more than Greb.

McTigue's style and general class is so far different from Greb's that there is no comparison. McTigue is one of those waiting fighters who likes to have the other fellow lead to him. Greb is a plunger who makes it so hot for the other fellow that he can't do any leading.

Walker, beyond all doubt, is a great little fighter. He is one of the best champions of the day, considering the real domination that he has established over his class. But perhaps he is not as good as his admirers think.

Gene Tunney, American light-heavyweight champion, who has outpointed Greb several times, said recently that there was only one way to beat him. "Take the steam out of him with body punches," he said. "If you don't, he'll throw so many thumbs, wrists, elbows, shoulders and fists at you that you'll never get started. He's too quick to get caught with a crack on the jaw."

Walker, who has patterned his style much after Dempsey's, is a heavy body puncher. Jack Britton, the former welterweight champion, said that Walker hurt him more than he had ever been hurt before when he was winning the championship from him.

BRIEF RESUME
OF FISH LAWS

The following is a resume of the fishing laws in Minnesota, giving in condensed form the open seasons, the size and weight limits, and other information which may be of value to fishermen:

Bass, Crappies and Sun Fish

Bass, crappies and sun fish may not be caught or had in possession until June 21 in the northern zone, which is that section of the state lying north of a line drawn east and west through the state at St. Cloud. South of this line, in the territory to be known as the southern zone, these fish may be caught on and after May 29.

The size limit of bass was raised from 9 to 10 inches, and the daily catch reduced from 10 to 8, and the possession limit from 20 to 15.

The 7-inch size is retained on the crappies, but the daily catch is cut from 20 to 15, and the possession limit is 25.

The 5-inch size on sunfish and the 6-inch size on rock bass is retained with the daily catch reduced to 15 and the possession 25.

The mixed bag limit, excepting perch, was cut from 25 to 15, and the possession limit set at 25.

Trout

The minimum size limit of 7 inches was removed from trout upon the theory that few which are released ever survive. The daily catch was cut from 25 to 15, and the possession limit it was cut from 50 to 25, or not to exceed 20 pounds. Season opens April 15, closes Sept. 1.

Pike and Pickerel

The pike and pickerel season opens on May 15, as heretofore with the 14-inch minimum retained. The daily catch of pickerel was set at 15 instead of 25, and the possession limit at 25.

Season Is Shortened

A month is cut off the season for taking all species of game fishes, and hereafter the season closes on February 1 instead of March 1. The spearing of pickerel must also cease on February 1 instead of April 1, as heretofore.

Muskellunge

Season opens May 15 with a size limit of 30 inches and a daily catch of two fish.

Non-Residents

The license fee for non-resident fishermen was raised from \$2 to \$3 with an exemption provided for all persons under 18 years of age. A li-

cence will be permitted to transport out of the state a total of 24 pounds of fish during any one season, providing he used a shipping coupon which is part of his license and which is divided into three sections of 8 pounds each.

These coupons must be filled out in ink and attached to the receipt containing the fish. Only undressed fish may be shipped. The licensee may ship from himself to himself. Any person who is under the age of 18 years, and exempt from the license provisions, shall not be permitted to export fish from the state.

Minnow Law Repealed

The law which prohibited the taking of minnows for bait from any lake which had been stocked with game fish during any one of the three previous years was repealed. The use of game fish for bait is prohibited and the transportation of bait minnows from other states is also prohibited. Yellow perch may be used for bait.

Frogs for Bait Only

Frogs may be taken and possessed, bought, sold and transported for angling purposes at any time except during the months of April and May, but neither live nor dressed frogs may be shipped from the state at any time for any purpose. This means that the frog is fish bait and nothing else and must remain within the state.

Spawning Beds Protected

The commission is given authority to establish spawning beds in certain lakes to protect the nest-building fishes, and these beds when properly marked, may not be fished under any circumstances.

Fish May Be Retained

Any person wishing to retain game fish after the close of the season, is required to secure a permit from the commission. Under the amended laws a sportsman may place his catch in the cooling rooms of butcher shops and other places, not classified as commercial cold storage warehouses, when done to prevent wanton waste.

Babe is Anxious

New York, May 19.—Just a few more days and I'll be out of here," Babe Ruth said today at St. Vincent's hospital, where he has been laid up for five weeks. The Babe was allowed to take an automobile ride yesterday, but Mrs. Ruth was not well enough to accompany him.

PETITION BEING
CIRCULATED FOR
COBB'S REMOVALBILLY EVANS, SPECIAL WRITER,
SOUGHT AS DETROIT
PILOTCOBB, HOWEVER, IS SECURE IN
THE REGARD OF HIS
EMPLOYERS

Detroit, May 19.—Billy Evans, sport writer and veteran American league umpire, is the man demanded by Detroit baseball fans to handle the fast slipping Tiger clan.

Petitions are being circulated by fans asking Pres. Navin to remove Ty Cobb from the helm and place Evans in charge.

Cobb is secure in the regard of his employers and will more than likely remain as manager until the end of the season at least.

Losing ball games with a perfection that has been equaled by few other good clubs, the New York Yankees and the Detroit Tigers are fighting to take away from Boston last place in the American league.

The two teams, picked as sure pennant contenders, are going so badly that the annual rumors of a change in management are heard. There probably is little to the rumors.

"Miller Huggins can have his job with the Yankees as long as he wants," one of the officials of the Yankee club said today. "We are tired of denying rumors."

While the Yankees and the Tigers are giving an exhibition of the most modern methods of losing games, the Philadelphia Athletics are giving lessons to the other teams of the most approved fashion of winning.

Connie Mack's speeding youngsters went through the week without losing a game and have chalked up nine victories in a row. Gray, Rommel and Harris are pitching the best ball in the major leagues.

The champion Washington Senators won five of their seven games last week and are holding a commanding position.

The Cleveland Indians copped four out of their six games and they look good for the season. The White Sox in dropping only two of their six starts also look like a first division certainty.

The National league pennant race continues to hold the prospect of a runaway victory for the New York Giants. The Cincinnati Reds, which seem to be the best team in the league outside of New York, had a disastrous smash in losing the entire series to the champions and they dropped from second to fifth place. The Cubs also hit the bumps last week and fell to seventh position.

After a miserable start the Pittsburgh Pirates finally got together and they are now in fourth-place and almost certain to go higher as the Phillies have no business in the first division and cannot hope to remain where they are.

WALKER MAY WIN A DOUBLE CHAMPIONSHIP

By HENRY L. FARRELL
(United Press Sports Editor)

New York, May 19.—Mickey Walker will have a chance to become one of those double-barreled champions when he meets Harry Greb, the middle-weight champion, of the world, at the Polo Grounds here on May 29. Walker, who holds the welterweight championship, is stepping up a class in meeting Greb, but he will not be giving away too much weight, as he is one of those heavy welters who can fight in either division.

Since Walker made Mike McTigue, the world's light heavyweight champion, look so foolish in a bout during the winter in Newark, a good many of the railbirds think that he is almost sure to beat Greb and win another title. The showing that Walker made against McTigue is rather weak ground upon which to build hope for the Greb fight, however, McTigue is a light-heavyweight in name only as he is a legitimate middleweight and does not weigh much more than Greb.

McTigue's style and general class is so far different from Greb's that there is no comparison. McTigue is one of those waiting fighters who likes to have the other fellow lead to him. Greb is a plunger who makes it so hot for the other fellow that he can't do any leading.

Walker, beyond all doubt, is a great little fighter. He is one of the best champions of the day, considering the real domination that he has established over his class. But perhaps he is not as good as his admirers think.

Gene Tunney, American light-heavyweight champion, who has outpointed Greb several times, said recently that there was only one way to beat him. "Take the steam out of him with body punches," he said. "If you don't, he'll throw so many thumbs, wrists, elbows, shoulders and fists at you that you'll never get started. He's too quick to get caught with a crack on the jaw."

Walker, who has patterned his style much after Dempsey's, is a heavy body puncher. Jack Britton, the former welterweight champion, said that Walker hurt him more than he had ever been hurt before when he was winning the championship from him.

BRIEF RESUME
OF FISH LAWS

The following is a resume of the fishing laws in Minnesota, giving in condensed form the open seasons, the size and weight limits, and other information which may be of value to fishermen:

Bass, Crappies and Sun Fish

Bass, crappies and sun fish may not be caught or had in possession until June 21 in the northern zone, which is that section of the state lying north of a line drawn east and west through the state at St. Cloud. South of this line, in the territory to be known as the southern zone, these fish may be caught on and after May 29.

The size limit of bass was raised from 9 to 10 inches, and the daily catch reduced from 10 to 8, and the possession limit from 20 to 15.

The 7-inch size is retained on the crappies, but the daily catch is cut from 20 to 15, and the possession limit is 25.

The 5-inch size on sunfish and the 6-inch size on rock bass is retained with the daily catch reduced to 15 and the possession 25.

The mixed bag limit, excepting perch, was cut from 25 to 15, and the possession limit set at 25.

Trout

The minimum size limit of 7 inches was removed from trout upon the theory that few which are released ever survive. The daily catch was cut from 25 to 15, and the possession limit was cut from 50 to 25, or not to exceed 20 pounds. Season opens April 15, closes Sept. 1.

Pike and Pickerel

The pike and pickerel season opens on May 15, as heretofore with the 14-inch minimum retained. The daily catch of pickerel was set at 15 instead of 25, and the possession limit at 25.

Season Is Shortened

A month is cut off the season for taking all species of game fishes, and hereafter the season closes on February 1 instead of March 1. The spearing of pickerel must also cease on February 1 instead of April 1, as heretofore.

Muskellunge

Season opens May 15 with a size limit of 30 inches and a daily catch of two fish.

Non-Residents

The license fee for non-resident fishermen was raised from \$2 to \$3 with an exemption provided for all persons under 18 years of age. A li-

cence will be permitted to transport out of the state a total of 24 pounds of fish during any one season, providing he used a shipping coupon which is part of his license and which is divided into three sections of 8 pounds each.

These coupons must be filled out in ink and attached to the receptacle containing the fish. Only undressed fish may be shipped. The licensee may ship from himself to himself. Any person who is under the age of 18 years, and exempt from the license provisions, shall not be permitted to export fish from the state.

Minnow Law Repealed

The law which prohibited the taking of minnows for bait from any lake which had been stocked with game fish during any one of the three previous years was repealed. The use of game fish for bait is prohibited and the transportation of bait minnows from other states is also prohibited. Yellow perch may be used for bait.

Frogs for Bait Only

Frogs may be taken and possessed, bought, sold and transported for angling purposes at any time except during the months of April and May, but neither live nor dressed frogs may be shipped from the state at any time for any purpose. This means that the frog is fish bait and nothing else and must remain within the state.

Spawning Beds Protected

The commission is given authority to establish spawning beds in certain lakes to protect the nest-building fishes, and these beds when properly marked, may not be fished under any circumstances.

Fish May Be Retained

Any person wishing to retain game fish after the close of the season, is required to secure a permit from the commission. Under the amended laws a sportsman may place his catch in the cooling rooms of butcher shops and other places, not classified as commercial cold storage warehouses, when done to prevent wanton waste.

Babe is Anxious

New York, May 19.—"Just a few more days and I'll be out of here," Babe Ruth said today at St. Vincent's hospital, where he has been laid up for five weeks. The Babe was allowed to take an automobile ride yesterday, but Mrs. Ruth was not well enough to accompany him.

PETITION BEING
CIRCULATED FOR
COBB'S REMOVALBILLY EVANS, SPECIAL WRITER,
SOUGHT AS DETROIT
PILOTCOBB, HOWEVER, IS SECURE IN
THE REGARD OF HIS
EMPLOYERS

Detroit, May 19.—Billy Evans, sport writer and veteran American league umpire, is the man demanded by Detroit baseball fans to handle the fast slipping Tiger clan.

Petitions are being circulated by fans asking Pres. Navin to remove Ty Cobb from the helm and place Evans in charge.

Cobb is secure in the regard of his employers and will more than likely remain as manager until the end of the season at least.

Losing ball games with a perfection that has been equaled by few other good clubs, the New York Yankees and the Detroit Tigers are fighting to take away from Boston last place in the American league.

The two teams, picked as sure pennant contenders, are going so badly that the annual rumors of a change in management are heard. There probably is little to the rumors.

"Miller Huggins can have his job with the Yankees as long as he wants," one of the officials of the Yankee club said today. "We are tired of denying rumors."

While the Yankees and the Tigers are giving an exhibition of the most modern methods of losing games, the Philadelphia Athletics are giving lessons to the other teams of the least approved fashion of winning.

Connie Mack's speeding youngsters went through the week without losing a game and have chalked up nine victories in a row. Gray, Kimmell and Harris are pitching the best ball in the major leagues.

The champion Washington Senators won five of their seven games last week and are holding a commanding position.

The Cleveland Indians copped four out of their six games and they look good for the season. The White Sox in dropping only two of their six starts also look like a first division certainty.

The National league pennant race continues to hold the prospect of a runaway victory for the New York Giants. The Cincinnati Reds, which seem to be the best team in the league outside of New York, had a disastrous smash in losing the entire series to the champions and they dropped from second to fifth place. The Cubs also hit the bumps last week and fell to seventh position.

After a miserable start the Pittsburgh Pirates finally got together and they are now in fourth place and almost certain to go higher as the Phillies have no business in the first division and cannot hope to remain where they are.

For Sore, Lame
Muscles

Ask for a tube of "Joint-Ease." You can use it several times in one evening for quick results, because it goes right through the skin with only a few seconds' rubbing and gets right to the seat of the trouble. It surely is a swift penetrator and when it gets under the skin, it starts right in to take the soreness out of muscles and chase away the lameness.

That's why athletes use it so much. Often over night the lameness and soreness disappear and the ambitious athlete is quickly back in the game again.

Baseball players, prizefighters, bicycle riders, football players as well as those who play golf, tennis and other games, are fast discovering that Joint-Ease is far and away ahead of anything they have ever used.

Johnson's Pharmacy and Economy Drug Co. have sold hundreds of tubes of it and will praise this grand emollient—60 cents a tube.—Adv.
